Remnants strewn upon the ground,
drag the carcass withered and brown,
sockets crushed powder remaining
on the black puss, undead are preying.
Pulling at the fragments of existence,
suicide for those who cannot relate,
coagulated limbs tiredly twist and
tear at the purpose to mutilate.

Straggling across the charred earthen floor.
All are dead few remain, where is the Lord?
Sky is swollen, crimson display.
Tattered fringe of sanity quickly decays.

Your brain now filled with chemical pollution.
Black lungs cilia limp chlorific solution.
All life is scarred, lethal compulsion.
Victim of addictive source sedative induction.

Scattered remains, existence shattered, chaos
ordained. Democracy battered.
Scattered remains, existence shattered, chaos
ordained. Democracy battered.

Remnants of withered decay.

Helpless victims extended in the killing crime.
Flesh penetrated, abnormal cells intertwined.

Your life spent, death extended easily.
Homicide accepted pleasingly.

Body deteriorates, rapid decline.
Health is malignant, weakening of the spine.
Skeletal frame erodes in design.
Embroidered in habitat, trapped and confined.

Catastrophic remnants torn down through the ages.
Blood flows free over the faces.
Existence lies tortured morbidly staring.
At what once was theirs that now lies wasted.

Scattered remains, conformity uncontrolled.
Discipline dismantled, serenity shows mold.
Stream of unconsciousness slowly grips your brain.
Mental contortion abscess of pain.

Last light of day smothered now snuffed.
Release of hate conquers what is left of,
Humanity falters, elimination. Widespread fear,
demolition.
Cease of breeding, nullification. Dark disciples
termination.
Scattered remains, barren defecation.
Ground lies bloodstained, killing ratification.

Apocalypse.
