Anger Deep inside  
This time I've lost my mind  
Emptiness Fills my soul  
Minds dark Black as coal  
Left to my self defense  
Rejected and repent  
Stride to save my life  
From which god did we arrive

Victim of the preacher (preacher, preacher)  
Reacher of the demons arms  
The Teacher of the preacher (preacher, preacher)  
Has spread his arms

Wonderful Life of mine  
This time I've Gone too far  
Worthlessness Fills my spine  
Fuck me fuck I'm blind  
Right into my head  
Injected and dead  
Pride to save my life  
From which god did we arrive

Victim of the preacher (preacher, preacher)  
Reacher of the demons arms  
The Teacher of the preacher (preacher, preacher)  
Has spread his arms
