Corrupt justice  
leading your life upon the shadow shown upon you  
thrown  
Striking down with fury, upon your pitiless life  
He'll break you down  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
Twisted eyes  
Taking bribes for someone else's freedom, he freed  
them  
Striking down with fury, upon his pitiless life  
He'll break you down  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
Strip his robe  
Take away his power naked alone upon his throne  
Striking down with fury, upon his pittyless life  
He'll break you down  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
He's going to love breakin you down  
With his pile driver, pile driver, pile driver  
He's going to love breakin you down  
Breakin you down, breakin you down
