Seems I'm faced with shit everyday
My life filled with debt I always pay
I stride to save my life for my rights
White lies leading us on all our lives

You don't mean shit to me
You lying ass mutha fucka
Why don't you stay away
I'm sick and tired of playing the sucka
All dreams shout aloud
Never heard or cared about
All dreams seem fucking shot
People die then they rot

Seem I entered into this fucking life
Why try when I don't even strive
Seems lost with your stride and your toss
You've lost all you fucking got

You don't mean shit to me
You lying ass mutha fucka
Why don't you stay away
I'm sick and tired of playing the sucka

All dreams shout aloud
Never heard or cared about
All dreams seem fucking shot
People die then they rot

U.S. reserves the right to take away the plan
Decisions that are already made
To kill and destroy just to gain
My life seems to be a fucking game

You don't mean shit to me
You lying ass mutha fucka
Why don't you stay away
I'm sick and tired of playing the sucka

All dreams shout aloud
Never heard or cared about
All dreams seem fucking shot

People die then they rot
