There is nothing in the world  
Without domination of spirit.  
Great spirits of the great world  
Of black enjoyment of destruction and death.

Spirit dipped into abyss of a roughness  
Spiteful violence of triumph of death  
Demolition of matter and the body  
Cloak by endless thick of horror and pain.

The appearance in dying visions  
Widged in a moribund brain  
Begins trends of a living flesh  
Towards destruction and death.

This is cruelty  
Of indomitable dark spirits.  
This is great  
Pleasure of the suffering.  
Man has power over spirits  
Only through mental force of will.

I look in a face of dark spirit.  
I am accomplice of spirit of evil.

I posses power of destruction and death,  
I achieve a great cognition.

Spirit dipped into abyss of a roughness  
Spiteful violence of triumph of death  
Demolition of matter and the body

Epidemics, wars and the great cataclysms  
Here it a great feast of the dark spirits.

More mortification, more violence.  
Give them enjoy with destruction.  
Cry of despair and entreaty of suffering  
Tune of delight by great celebration.

Only death and destruction restores  
Equilibrium of a Nature
