The Medieval Europe  
In a black obscurantism  
Of church moral  
The thousands of people  
Hanged and burnt  
By Holy Office  
Of Holy Church.  
Mass hysteria and mass pursuit  
Exist together in mankind's history.  
Inquisition  
Of the holy  
Perfect tool  
Of legal murder.  
The Holy Church  
Is armed by the Law and church books.  
Â...Many harmless souls

Were burn-up in a flame.  
The inquisitors are protected  
By blind Christian faith.  
Tears do not stop them.  
Youth and the beauty  
Could not rescue  
From black monks  
From Holy Church  
Mass hysteria and mass pursuit  
Exist together in mankind's history.  
Inquisition  
Of the holy  
Perfect tool  
Of legal murder.
