Get real - Time to come down
Get real - I laugh in your face
Get real - A new day will dawn
Get real - Where's your high horses

Further and further away, life's distant
Mount your ego I crush your tiny will
Perishing thoughts of world order
Anarchy in your absent mind
So you think I lie you pathetic fool
You could easily die and be forgotten

Be forgotten
Yes, be forgotten
You're too sad

Emancipate - Free the word
Liberate - The suppressed
Stimulate - The free word
Give shelter to the absent mind

Get real - Time to come down

Get real - I laugh in your face
Get real - A new day will dawn
Get real - Where's your high horses

Further and further away you're too far away
Mount your ego I override your missing will
Perishing thoughts only chaos only chaos
Anarchy in your absent mind
So, you think I lie you pathetic fool
You could easily die and be forgotten

Be forgotten
Yes, be forgotten
You're too sad

Emancipate - Free the word
Liberate - The suppressed
Stimulate - The free word
Give shelter to the absent mind
