The song of the derelict plains  
Don't mean to much to many  
It doesn't appeal  
To those who know their way

Can't find anyone  
Who's not able to fascinate  
Not able to communicate  
Not able to reform

Where is this sanctuary

It's better to forestall than to be forestalled

The mood of the derelict plains  
A seductive fascination  
A noble gentle gesture  
From the high and mighty  
Decay of pride  
A voyage home  
With self-esteem  
And self-restraint

Where is this sanctuary

It's better to forestall than to be forestalled

Set this straight once for all inside is burning let me  
know  
You won't get an answer - I'll see to that  
Behind the veils of ignorance a million faces seem so  
lost  
I won't let them out of here - I'll see to that
