Something's been ripped out of me and lifeless here I  
lay

Beside me lies a part of me it all seems so unreal

You're fearless, mindless and you shall see  
Cameleont changing faces  
Respectless, tactless you loose your speech  
The end of a line

Why the hell are you standing there for  
On the line of extinction  
Is this the one you wanna be  
There's no solid rock

Emancipation - by gemination  
Pushed to oblivion - through contradiction

Your last expiration moves you frontiers further  
But have you seen the obvious the obvious to see  
Behold the light and you shall see

Like father like son it's obvious to me

Brooder, cogitator, philosopher an incubator  
Thinker, speculator, why can't you see

You're nameless, faceless a tragedy  
Any sign of forgiveness  
You're tasteless, worthless no compromise  
Please spare me

Why the hell...

Emancipation - by gemination  
Pushed to oblivion - through contradiction

Your last expiration...

Enlightment, elucidation, wear it as a trophy  
No apprehension, you're your own master

Can't you see it

like father like son
