Spirit messenger I greet thee  
Strike thy sword extinguish fire  
Fortify my soul let pain reside within  
I control my demons I control your fear

So you try to change me  
Repent - Rape me with your ideals Repent - You can't  
change me you know that Repent - But you still try to do  
it  
You think you got the power to lick me with your poison  
tongue  
Oh I love to feel the smell of your opinion as they burn

One mans act, One mans life, I just smiled when I  
smelled fire  
So you try to change me...

Don't you see the meaningless in licking me with your  
harmless tongue  
I still remember the smell of your burnt opinions

I will not repent  
Thou you try to change my view so I would be like you  
I will not repent  
Even though you take my freedom away, YOU BASTARD

I just smiled when I smelled fire

So you try to change me...
