Bespeak me if you will
What have I done, Why do you care
Beseech I never will
Lust overwhelm, The king of the castle is called

Darkgreen veilwalls of the darkened room
With a soft glowing light
I will beseech you if you won't bespeak me
Perish into the amount of amusement
With lust and desire

A Subtle climax

Watch me fly as I respond to your call
Like the great white swan I spread my wings
Watch me die as I hatch from my present self
Is this a rebirth have I transformed
A Subtle climax
I wish I could pinpoint it but I would shurely do in wrong
Yes, I wish I could pinpoint it but I would surely go to far

Subtle climax - To success
Subtle climax - Unprepared
Subtle climax - So beautiful
Here we go

Darkgreen veilwalls of the darkened room
Voices whispering softly
I will beseech you if you won't bespeak me
Perish into my lust and desire
In a passionat way
I wish I could pinpoint it - the Subtle climax
