If I'll prove you wrong will you bleed for me  
Lick me once more and I'll bleed for you

Bleeding eyes backfire  
Hypnotize - Will you surrender now  
Me, myself and I  
Sacrifice - Sink into my bones  
Stare into my eyes and tell me what you see  
Don't you hear the call forget mans old ways

Still I see things, Still I hear words

A boy came running down the grassy slopes  
He asked me for the way I pointed and said  
- You will speak the truth and it will set you free  
- From the vastness of this endless misery

I heard the piper was calling, she called out my name  
in mysterious ways  
I was seduced by her calling, I tried to reached out my  
hand  
But there was no one out there

Don't call me back I like myself, don't call me back I am  
myself  
Bleed for me, bleed for me

Call me back I am like myself  
Don't call me back don't you like yourself  
Recognize - Pretty face - Fail the truth - Voices died  
away  
Pleading - Hear my name - Don't touch me but lick my  
sanity

Bleed for me, bleed for me

You must surely know me by now  
Haven't you heard the piper before  
Bring me my wine reverend Jim  
And I will move the mountains

If I'll prove you wrong will you bleed for me

Bleeding eyes backfire  
Hypnotize - Will you surrender now  
Me, myself and I  
Sacrifice - Sink into my bones  
Stare into my eyes and tell me what you see  
Don't you hear the call have you forgotten the piper
