Kick back relax, listenin' to what we got on wax
Cause we're shooting' for drawl's - you know I'm gettin
ya'lls
See check it - I'm the best there ever was G - oh yeah!
I said we're chillin' with the So. Co.
Slamin' the quail so - You think you can hang?
You're showin' off the poontang solo
Unless you got sisters(Bring it on!) 'Cause we're
shootin' till dawn!

CHORUS:

Put the quarter in the cup - C'mon and hurry up (3X)
Things are moving 'long ya'll and I can't miss
(Off with the bra!) You better do what he says Miss
Damn! I thought your shirt was too tight
Hey, are those things real? Let's hope the rest ain't
cellulite
For real! and let's step to the wall.
You gotta step to the left 'cause I'm goin' off the wall
ball

Jam it! Yo, I missed it again! Pass the cup - yo man,
who's up?

(CHORUS)

What you gonna do, your clothes are in a pile
Kick back, wait a lap, sip a "40" for a while and chill.
and guess what comes up next? (Nappy on guitar)
(solo)

What happened last night? Man, go brush your teeth!
The girls drank our beer and the party got beat
so they split - Man they ran so fast
You mean none of you sorry mother (Hey) got some
(Ho) have some class

Man they brought us to our knees
But they gotta come back because one of them left
these!

(CHORUS)
