If it's midnight and you're all alone  
You know it's all right to pick up the phone  
And call me  
If you're lonely  
I've been spending all of my time  
Here on the other end of the line  
And I've been wondering  
If I ever cross your mind  
Call me lonely  
Call me a fool  
You know I'll always  
Be here for you  
Call me crazy  
Maybe it's true  
Call me lonely  
Lonely for you  
When you need someone to share your love  
Just remember someone already does love you  
And he's lonely too  
If the night should find you falling apart  
And you need the touch of a giving heart  
It's so easy  
All you have to do  
Is call me lonely...
