

Motorpsycho "Big Surprise"

Visit "[Big Surprise](#)" on MotoLyrics.com

So it hurts-well,big surprise
get up, go and cut those ties
you're nothing to her now
Eleven years all up in smoke
was it really just a joke?
Mistake's too small a word

so small,I've never seen you quite so small
so small.....

so you cut your hair and drink,
a little boy caught in the stink-
it always feels this way
And when you stop and wonder why,
the only answers feel like lies-
another big surprise...

so small,I've never seen you quite so smallso small.....

so let it lie
so let it die
the quirks along the way are what you
learn from anyway
