It's just an itch beneath the skin

I can't get it out or seal it in

I can't dislodge the need to scratch it

screaming from it's root

it's an echo inside my head

a need to say what can't be said

it's the nerve tattoo, such a bad rash

spiteful and divine

but that's OK

it doesn't matter anyway

it's still those with the least to say

that will be heard...

ah, the eloquence of trash

the persuasiveness of cash

rings true like the whispered lies

of half-forgotten lullabies;

designed to please ,

designed to soothe

designed to shift a million units or two

designed to mean nothing at all

for anyone

but thats OK
it doesn't matter anyway
it's still those with the least to say
that will be heard...
it's no misunderstanding
it's all emptiness and words
I'd cut my veins to paint it as
beautifully meaningless-
picturesque and absurd
....it's a masterpiece I heard
