

Mental Demise

"Individual Megalomania Of Consciousness"

Visit "[Individual Megalomania Of Consciousness](#)" on MotoLyrics.com

Global catastrophe, moral cataclysm,
Inhuman atrocity, payment for ideal
Psychological atrophy, realizing other ones,
Empty thoughts – the giant cycle

Your look to the space,
Gives birth to the vice,
You become like a god
On the edge of mankind

Hear the last breath – feeling of your bliss,
Blood on your hands – power for your life
It's your own world, ruthless superman,
None exists in darkness...

Painful inner world

Still tight day by day
No way to the past –
Only path to nowhere

Presentiment of the last mistake
Twisted your diseased mind
Unknown aspect of mental fall
Revealed in actions of reckless man
What is the other step? Logical slaughter?
Cause of disappearing of human form

Chimera of consequence finds the real forms –
It means the slow clouding of crystal source
Of dwell... dwell
