sorry youve gotta go thru this
its not how i meant it to be
I Thought sayin goodbye meant leavin your side
not leavin your heart
you got over it so quick
it makes me wonder did you ever love me
and if you did how will i know
just sit back and chill.
time for some r and r

i didnt mean to hurt you,
it wasnt supposed to happen this way.
this wasnt supposed to be the end
of everything we ever had.

maybe you'll get over this
and remember the times we held hands
and that unexpected hug and kiss
not just the heartaches and tears
maybe next time you'll be all mine.

i didnt mean to hurt you,
it wasnt supposed to happen this way.
this wasnt supposed to be the end
of everything we ever had.

everything possible went wrong
nothings right rite now.
'why did this happen?' he asked
i looked at him speechless
thinking i made the right decision
but my heart turned onto wrong collision
he walked away
i never heard from him again.
now hes not the only one asking
'why did this happen?'

maybe next time you'll be all mine
maybe next time
maybe, maybe, maybe
but maybe this is the end.
