I don't believe a word, I know you tell me lies  
Just watch me flip the bird, right in your lyin' eyes  
You just can't figure out, why I'm the way I am  
I'm low-life born and bred and I don't give a damn

I've had enough, I'm stepping out of line  
Ain't gonna stop me babe, you ain't worth a dime  
You nearly had me fooled, wastin' my time  
You might've broke my heart and if you broke my heart  
I know it ain't my crime

I'm here to tell you, was here and now I'm gone  
You need a wages slave but I sure ain't the one  
I'm moving off the lot, just hire another act  
I don't need what you got that ain't where I'm at

I've had enough, I'm stepping out of line  
Ain't gonna stop me babe, you ain't worth a dime  
You nearly had me fooled, wastin' my time  
You might've broke my heart and if you broke my heart  
I know it ain't my crime

Just show me the door, here I go again  
I seen it all before, happens now and then  
No tears in your eyes, sure ain't none in mine  
Two people in disguise, frozen in time

I've had enough, I'm stepping out of line  
Ain't gonna stop me babe, you ain't worth a dime  
You nearly had me fooled, wastin' my time  
You might've broke my heart and if you broke my heart  
I know it ain't my crime
