Still can't believe it, can't stand to leave it  
But I know the rules  
We were doomed babe, too much too soon babe  
Acting like fools

Tried to fly but we climbed too high  
We saw it all, we had to fall  
But I swear it's true, was all for you  
I swear it's true, was all for you

Making love all the time  
Never let a day go by, or a night  
Sweet music in the dark  
You always found the spark to light my light

Tried to fly but we climbed too high  
We saw it all, we had to fall  
But I swear it's true, was all for you  
I swear it's true, was all for you, all for you

The only one babe to ever break my heart  
Was you, such a shame  
Though guys never cry, but that'll be the day I die  
Speaking your name

Tried to fly but we climbed too high  
I saw it all, we had to fall  
But I swear it's true, was all for you  
I swear it's true, was all for you  
I swear it's true, was all for you  
I swear it's true, was all for you

All for you  
All for you  
All for you
