Out of the way, you're in the lost and found  
Been a long time waiting 'til we hit the ground  
See the fool, lose it all  
Ain't no lifetime long enough to use it all

They say, it's here tomorrow, gone today  
Tell the judge it's my way or the highway  
And in the end it's all the same

You got to move, mamma didn't raise no fools  
You got to fight, live or die shoot out the lights  
Pass the word, save yourself and kill the world  
Save yourself and kill the world

We got to get you home because you're burned out  
Didn't take too long before we found it out  
See the drowned, drink it all  
Ain't no ocean deep enough to sink it all

They say, it's here right now and gone before  
Tell the hand we're harder than a hardcore  
And in the end it's all a game

You got to move, mamma didn't raise no fools  
You got to fight, live or die shoot out the lights  
Pass the word, save yourself and kill the world  
Save yourself and kill the world

So now you're back, I hope, you know your place  
Didn't take too long to get in your face  
See the burned, light your fire  
Ain't no hell that burns enough for my desire

You say, it's blasphemy that's too bad  
Could have been the best time that you ever had  
And in the end, the hungry flames

You got to move, mamma didn't raise no fools  
You got to fight, live or die shoot out the lights  
Pass the word, save yourself and kill the world  
Save yourself and kill the world
