Oh

Midnight runaway, know you're running scared
Bright lights, big city, nobody seems to care
Open your eyes, who's there, who's there?

Open your eyes, nightmare
Unclean, fever dream on the high side
In the mean machine

Black bomber in the nights, can you take the pain?
Better call the FBI, better change your name
Open your eyes, oh no, oh no

Open your eyes, creep show
Unclean fever dream, on the wild side
In the mean machine

Oh

Unclean, fever dream, take a ride, mean machine
Wet dream, bad scene but we don't care where you
been
On the screen, movie queen

Things ain't always what they seem
Stay clean, crazy dream
On the high side in the mean machine
