Monster in the moonlight
Devil's in his head
How can they talk so loud?

Tonight is his to take
Nobody knows his face
Something he will not allow

Unseen, wet dream, steel claw
Moonshine, carmine, red raw

Horror in the starlight
Faces in the rain
Killer wants to fall in love

Worms in his mind
Ravenous and blind
Now he starts to feel good

All blood is his to drink
He takes his fill and more
Face and hands all red
Drown in sweet, sweet gore

Joy is his tonight
He bathes in red delight
And all he wants to do
Is more and more and more

Terror without pity, fever in his mind
Death, confusion, love and blood
Looking for a perfect one
Seek and you shall find
Crazy and he feels good

Unseen, wet dream, sharp claw
Moonshine, carmine, red raw

Monster in the gaslight
Shiver in the cold
Looking for a bad girl

Whimpering and mad
But he ain't feeling bad
Crazy in his own world

All blood is his to drink
He takes his fill and more
Face and hands all red
Drown in sweet, sweet gore

Joy is his tonight
He bathes in red delight
And all he wants to do
Is more and more and more [Incomprehensible]

Horror in the shadows
Red and white and dead
Rain is falling in her hair

Now what he does best
Head dips to the wounds
Face a scarlet nightmare

Unseen, wet dream, skin crawl
Blade shine, carmine, red raw

[Incomprehensible] the twilight
Women run and scream
Killer's gone a long time

Red mask [Incomprehensible]
See the shape he's in
This is what he's born for

All blood is his to drink
He takes his fill and more
Face and hands all red
Drown in sweet, sweet gore

Joy is his tonight
He bathes in red delight
And all he wants to do
Is more and more and more, more
