Iron child out of the Vulcans forge
Metal scream and thrash
Red steel in the driving wheel
Hear the pistons clash
Dragon breathin' big black smoke
Howlin' up the tracks

I'm ridin' on the Thunderchief
Spit in the Devil's eye
No force on earth can stop me now
I'd like to see 'em try
Hey, hey ridin' with the driver

Juggernaut comin' down the line
Hear the banshee cry
Engineer like to lose his mind
Glory in his eye
Too fast to live this way
Too young to die

I'm ridin' on the Thunderchief
Spit in the Devil's eye
No force on earth can stop me now
I'd like to see 'em try
Hey, hey ridin' with the driver

Hold tight, feel the driver's bite
Hear the whistle moan
Engine rockin' to the left and right
Vibratin' in my bones
Once the locomotive steals your soul
You got a Casey Jones

I'm ridin' on the Thunderchief
Spit in the Devil's eye
No force on earth can stop me now
Kiss your ass goodbye

I'm ridin' on the Thunderchief
Spit in the Devil's eye
No force on earth can hurt me now
Kiss your ass goodbye

I'd like to see 'em try
Hey, hey ridin' with the driver

Hey, hey ridin' with the driver
Hey, hey ridin' with the driver
