Rock 'n' roll, save your soul  
And I got it  
Give it to me, loud and free  
Don't knock it

Let me hear it 'til the end of time  
It's the only way  
Send shivers up and down your spine  
You can't stop it

I'm tellin' you one more time  
It ain't no crime, rock it

It's the only way to fly  
I gotta have it  
Break through, gonna break you too  
You better grab it

Let me hear it 'til the end of time  
It's the only way  
It'll stop you on a dime  
You gotta stop it

I'm tellin' you one more time  
It ain't no crime, rock it

Rock 'n' roll music gonna stop the world  
Can't lose it  
It'll make your toenails curl  
You can't defuse it

Let me hear it all the time  
It's the only way  
Gonna make you feel alright  
You can't excuse it

I'm tellin' you one more time  
It ain't no crime, rock it  
Rock it, rock it
