Interstellar caterpillar
Levitate leviathan
We invoke our demon maggot
Surf unholy psychopompus
On the sea of tranquillity
The whirlpool of my brainwaves of my mind
One mans glory is another mans hell
Youre onthe outside,never bound by such a spell
Together in the darkness,alone in the light
I took it upon me to be yours ,Timmy
Ill lead your angels and demons at play tonight.....
Climb onboard the mothership
The HQ of original sin
The interstate of evil wicked thought
The aspects of the force below,
Will free your mind-they told you so
But Satan comes in many guises.....
