You know I love you baby.. suga sista
You know I need you baby.. suga sista
You know I love you baby.. suga sista
You know I need you baby.. suga sista
You know I love you baby.. suga SISTA!!
You know I need you baby..

I just got home from off another world tour
I'm outside, in the rain, it's beginnin to pour
Can't understand why you changed the locks on the
door
Got all my drawers and socks outside on the lawn
What's right is wrong, we used to make love to this
song
Twice as long, especially when the nights were long
Suga even in the dark, or when the lights were on
Sista even in the park, lover my life is gone
I saw the flaws, now we both grabbin for straws
over some love letters you found, in the top dresser
drawer
I'm missin you more, the sweet scent of Christian Dior
Kissin you more, forever pro-missin you more
We need to communicate and start listenin more
Baby from experience, I've been through it before
I found the message in a bottle washed up on the shore
Signed from, Sincerely Yours, I can't take it no more

[Aaron Hall]

No I'll never turn my back on you
I never wanna do you wrong, Suga Sista
No I'll never turn my back on you
I never wanna do you wrong, Suga Sista
Sugahhhhhh Sistahhhh!

Another episode, had the keys to the Yukon
Tried to call her on the celly but she didn't respond
Had my finger on redial now I'm callin her moms
Kept gettin the voicemail now I'm losin my calm
Though she's probably with the next man, wrapped in
his arms

Probably caught up in the mix, where she didn't belong
On the topic of trust, misgivings was leading me wrong
On the topic of us, misgivings was treating me wrong
Reading me wrong, now we not getting along
You never miss a good thing baby until it is gone
The thrill is gone, you can hear my heart, spill on this
song

Wishin Once Upon a Time could stand still on this song
If the feelings is strong, then a countermove would be
wrong

If the feelings is gone, then you know it's time to move
on

If the feelings is torn, then I was right all along

If you think that I'm wrong, then pick my drawers off
the lawn

[Aaron Hall]

No I'll never turn my back on you

I never wanna do you wrong, Suga Sista (Sista.. Sista..)

No I'll never turn my back on you

I never wanna do you wrong, Suga Sista

Suga Sista, Suga Sisssss

[Black Thought]

At first I came to a halt, it was your fault

Had me frozen on the avenue just watchin you walk

Up in your presence I was caught, breath, becomin
short

I had to step to this to let you know you had my support

I said, "I'm Black Thought, from out the 2-1-5th

Maybe you heard about the Dynasty I do run with

Me and The Roots done ripped, from Illadel' across the
planet

Ya see, we on some shit some find it hard to
understand it

But back, to what you all about or how you are at

What type of Science did you Knowledge was your
mental intact?"

To converse, at first, let me know you knew the day and
time

I had to catch you, mentally makin you mine

while I'm lookin at you, physical chiseled that of a
statue

Type of shit to make you travel from Philly to the Big
Apple

It feels kind of crazy, reminiscin back through

No need to sweat the backturnin, keep it on the true
and actual

As I get into your thought, for all infinity

Shower you in masculinity, reinforcin your sense

of femininity, bless you with this, the true indentity

Nothin but respect in your vicinity
Since, the Suga Brown from the level of Foun-dation of
ground
so together we forever bound
We could make, heavenly sounds like a musical blend
throughout the bad times and beautiful things, it's like
that

[Aaron Hall]

No I'll never turn my back on you
I never wanna do you wrong, Suga Sista
(I'll never turn my back on you, SUGA SISS!)
No I'll never turn my back on you
I never wanna do you wrong, Suga Sista
(Suga Sista, Suga Sista, Suga Sista, Suga Sisssss-tah
My Suga, Sista, yeah yeah)
