Last breath sets me free
Life's something but a dream
Day after day I dream the same dream
Oh my God, Could you set me free?

(Dream flying free)

The bitterman I hate
Avoiding the places he lives
Working hard today, himself to life he gives
Killing himself to live - to live?

I don't want to be torn away from this state of mind
Don't want to ruin my day with being so kind - to you

I don't want to be locked inside - this man made cell
I'm just about to lose my mind going through hell -
Inside my head

I don't mind - I know what I'll find
I have always known this is a lie
Wonder why, what was ment to be
I'm grieving, don't you see

"Like Jack the clown in my box alone waiting someone
to set me free
This is the strangest life I have ever lived"
