Every prisoner gotta do affair,
Gotta live his life,
Gotta breathe the air.
Every line is bent,
Every time is spent,
Every hour's slept
Psychopathic dance!

Night is over
Night is over
Night is over
Night is over
Night is over
Night is over
Night is over
Night is over
Night is over

Every line is bent,
Every time is spent,
Every hour's slept
Psychopathic sex!

Night is over
Night is over
Night is over
Night is over

Night is over
Night is over
Night is over
Night is over
