"Watching U"

I'm watching
I'm watching youâ€¦

I'm watching
I'm watching youâ€¦
I wanna take it to the right side
From the blindness
Wanna take it to the right side.
On my own,
I'm gonna leave you alone now
At your home
And I'll leave you alone now
In this world.

I'm watching
I'm watching youâ€¦

I wanna take it to the right side
From the blindness
Wanna take it to the right side.
On my own,
I'm gonna leave you alone now
At your home
And I'll leave you alone now
In this world.

I wanna take it to the right side
From the blindness
Wanna take it to the right side.
On my own,
I'm gonna leave you alone now
At your home
And I'll leave you alone now
In this world.
