(overend watts)

It's seems a long long time since I waved goodbye to
you
Been working too hard, I'll tell you what I'm planning to
do
Gonna hang up my boots and pack up my things and
then
I'll fly across the ocean to see you again

Got my dollars saved up, I can count them when I feel
low
Your picture's on my bed at each motel I go
Gonna be with you soon, promise you, but until then
Remember I'm marking time to see you again

We drunk a lot of wine and we saw a lot of early light
And I ain't gonna tell you that a woman never shared
my night
Yeah we drunk a lot of wine and we saw a lot of early
light
But through it all still you're the only one in sight

We drunk a lot of wine and we saw a lot of early light
And I ain't gonna tell you that a woman never shared
my night
Yeah we drunk a lot of wine and we saw a lot of early
light
But through it all still you're the only one in sight

We drunk a lot of wine and we saw a lot of early light
And I ain't gonna tell you that a woman never shared
my night
Yeah we drunk a lot of wine and we saw a lot of early
light
But through it all still you're the only one in sight
