(overend watts)

Anything you want, anything you need, she does it,  
She don't even care, if you make her bleed, she does  
it,  
She can do it better than judy or suzie,  
Wouldn't want to say that she's really choosy.  
But if you find out that she gets about, just turn her  
round  
If you're straight or bent, don't have to pay a cent,  
'cos she does it... free!  
Only twenty-three, but boy you're telling me that she  
does it,  
She can make you feel like a little schoolboy  
Tie you up in knots, or she can be a kill-joy  
But if you find out that she gets about, just turn her  
round.

Anyproblemsthatyou'vegotshe'llunderstand  
She's more than just a friend ...  
Girls like her are really hard to find,  
Maybe it's her inquiring mind,  
Don't know what it is,  
But she makes me feel like this...

Come along with me, I want you to see how she does it,  
Can't control myself, nor can no-one else when she  
does it,  
We can even see her at the same time,  
Nothing's wrong with that, in fact she'll think it's fine  
I don't mind if you don't mind,  
So come on now before someone gets in ...

Anyproblemsthatyou'vegotshe'llunderstand  
She's more than just a friend ...
