The kids are coloring by number
And staying in the lines
Who needs colors from locations
Just thoughts of your green eyes

Deep inside a beat grey alley
My legend calls for me
Through the crowd I spot you searching
By fate our tired eyes meet

[Chorus]
And even if it's in my mind
I got a quirky sense of feeling you right by my side
It doesn't matter where I go
There's still the same good chance I'll think of you
through every door
Woah..

Two aimless drifters on a park bench
The oyster gives the pearl
Just have your people call my people
When we conquer the world

[Chorus]

I'm optimistic cause I know that you'll color my day
Cause when I look into your eyes I'm in another place

[Chorus]
