She lives in the frames  
Imagination  
On old canvas with paint  
The artist was human  
Like me and like you  
He painted the truth of our longing for love  
The young woman sighs  
Relieves the frustration  
Of singular life  
And anticipation  
Of meeting the one  
That will end her caressing of soft teddy bears

[Chorus]  
Screaming like hope  
The moon lights your face  
And its perfect to show  
You've got my same case  
Getting lost in the sea of  
The whole human race  
You could be my painting girl

The game of ping-pong  
Is played with our eyes  
As we act like we're calm  
Hearts racing inside  
They're very concerned that  
We might give them up to each other real soon  
The life of the party  
Can stay with the group  
I will leave them alone  
I'm fixated on you  
The expression you give  
So perfectly matches the girl on the wall

[Chorus]

There's no escaping inspiration here  
That someone else can share the hopefulness and fear  
One touch from you can make it worth it all these  
years

Most of the time  
I meet expectations  
But when IÂ'm with you  
I go on vacation  
Living for life  
For root beer floats, smiles, and my painting girl

[Chorus]

You could be my painting girl (x2)  
oh..
