Four feet out of the car doors
An unexpected stop
The power in the atmosphere
Makes us feel a lot
Smaller than we
Had ever been

Our steps guided by cottonwood
From the trees above
Despite the snowy color
The evening warmed with love
The summertime
Won't last for long
We'll both be off
Before too long

[Chorus]
No nothing will last forever but
Who can blame us now
For living not thinking of
How nothing will last forever
The lightning shows us how
A mystic mind
Can conquer time
And save a clueless passerby

The smile upon your face
Reflects eyes below the clouds
The lightning draws our thoughts in
They're nowhere to be found
We let them go
They'll only show
Us answers why
Not stormy skies

[Chorus]

Na na na...
