Here we all are in our moulds
Drinking booze and getting stoned
To nowhere
But we're okay

Doing nothing but shoot the shit
Change your scene, change your habits
To nowhere
But we're okay

Don't wanna be locked in this cage
Just wanna be on holiday
Holiday, holiday, holiday
Don't wanna be a wage slave
Just wanna be on holiday
Holiday, holiday, holiday

Change the channel but nothing's on
TV is my new religion
To nowhere
But we're okay

When it's all said and done
Self improvement is masturbation
To nowhere
But were okay

Smoke a cigarette relax for a while
Watch the world burn but do it in style
Oh we're gonna be okay
On holiday
