What you got against me baby baby
Look what you've done to me baby baby
I'm in pieces looking all around for kisses
What you got against me baby baby

Never gonna be this hard next time
Never gonna be cutting off my arms to feed your
crimes
Never thought that I would take your resignation

You know I don't deserve this baby baby
So casually dismissed baby baby
I helped you crawling cause I thought that you had
fallen
You know I don't deserve this baby baby

Never gonna be this hard next time
Never gonna be cutting off my arm to feed your crimes
Never thought that I would take your resignation

You are falling

Never gonna be this hard next time
Never gonna be cutting off my arms to feed your
crimes
Never thought that I would take your resignation
Never gonna let you in next time
It's never gonna be, I'm cutting off the cord you made
me bind
Never thought that I would take your resignation

Baby baby baby, what you done to me
