hanging from your party games  
and stickin' to my chains,  
I'm in a crowd (find myself there)  
hey, serious thing, you're sweet,  
but I fear I grow too loud  
hey your majesty, do what thou wilt  
at morning and at night  
go and buy some appetizers,  
chainsaws, whatever  
something bright

here comes a candle to light you to bed  
here comes a chopper to chop off your head

how high can you try ?  
but I fear wer're condemned to repeat  
and to freeze to the bone, together alone  
call me at night, I just wanna stay thirsty,  
so please stay a man, stay a stone,  
together alone  
I always simplify, so let's have some fun and lie down-  
together alone

hanging from some party games  
and stickin' to my chains,  
I'm in a crowd (find myself there)  
hey, serious thing, you're sweet,  
but I fear I grow too loud

here comes a candle to light you to bed  
here comes a chopper to chop off your head

how high....
