Flying up high is where I wanna be
up high where u can not be seen

Everyday I wanna be there
Everynight I dream about there
Oh yeah I wanna be there

Everyday, everynight that is what I think about
Up there is all that I see
Whether im sleeping or just day dreaming that is where
I wanna be

Everyday I wanna be there
Everynight I dream about there
Oh yeah I wanna be there

When im outside I try to get there
When im inside I think about be up there where the
Birds fly just for me to get away

Everyday I wanna be there
Everynight I dream about there
Oh yeah I wanna be there

I wanna be there
I wanna be there
I wanna be there
I wanna be there
I wanna be there

Everyday I wanna be there
Evrynight I dream about there
Oh yeah I wanna be there

Up in the sky where the birds fly is where I wanna be!
