This is a Song for Dana Plato ...  
Yeah...  
Dana Plato ...  
She played Kimberly Drummond on Diff'rent Strokes ...  
It was a situation comedy with lots of jokes ...  
And it was watched by lots of folks ...  
And the folks all loved Dana Plato ...  
That was the most memorable character she'd play  
though...  
Her life had a sad and tragic end ...  
It seems she had no true friends ...  
Maybe things would be different then ...  
But she was a talent no doubt ...  
And if Arnold asked me "whatchoo talkin' 'bout..."  
I'm talking about Dana Plato ...
