If I tried to tell you  
If I tried to find a way  
To explain this freedom  
Of living underneath this grace  
Would it be absurd?  
Can a heart be heard?

To think you might see  
A difference in me...

And I wish the same for you  
Something to hold onto  
I wish the same for you  
A chance for love

We are not so different  
Sons and daughter's, you and I  
Facing walls of questions  
Fearing answers on the other side of eternity...  
And what the day will bring

But finally I found  
The safe and the sound...

To dance in the daylight  
And not see my shadow  
To run where I cannot hide  
In the open wide...
