It's well past midnight
And Im awake with questions that wont
Wait for daylight
Separating fact from my imaginary fiction
On this shelf of my conviction
I need to find a place
where You and I come face to face

Thomas needed
Proof that You had really risen
Undefeated....
When he placed his fingers
Where the nails once broke Your skin
Did his faith finally begin?
I've lied if I've denied
The common ground I've shared with him

Chorus

And I.....I really want to know You
I want to make each day
A different way that i can show You how....
I really want to love You
Be patient with my doubt
Im just tryin' to figure out Your will
And I really want to know You still

Chorus

Nicodemus
Could not understand how You could
Truly free us
He...struggled with the image
Of a grown man born again
we might have been good friends
'Cause sometimes i still question, too
How easily we come to You...And I..

Chorus

Bridge

No more campin' on the proch of indecision
No more sleepin' under stars of apathy
And it might be easier to dream
But dreamin's not for me...

chorus

I wanna know you....
Really want to know you...
Yeahh Yeahhh Yeahh
I really want to know you
I really want to know you... ohhhhhh ohh yeahhh ohh
yeah
