Day Time, I found writings on the wall, if i just read,
I'll take your hand would you lead me home tonight
I'll go, i'll follow

And it'll be alright, it'll be just fine tonight

It's time, i never want to hear you say its over
I never wanna hear you say it's over
I never wanna hear you say it's over now all i ever
hear you say yeah yeah...

In time i found i won't go without
Your love this promise ...mmm
I'll take your hand would you lead me home tonight,
i'll go i'll follow...
I never wanna hear you say it's over
I never wanna hear you say it's over
I never wanna hear you say yeahh..
Now all i wanna hear you say....

It'll be alright, It'll be just fine, It'll be alright
cause you're with me
It'll be alright, It'll be just fine, It'll be alright
cause you're with me
It'll be alright, It'll be just fine, It'll be alright
cause you're with me
It'll be alright, It'll be just fine, It'll be alright
cause you're with me
It'll be alright, It'll be just fine, (cause your with
me) It'll be alright cause you're with me

Now all i ever hear you say..
Is you are in my world to stay...yeyahh.
