I've lived, I've breathed, I've stalled
I've fallen on my knees
I fought the cold in capturing the seasons
I've lost between the ember leaves

I've hurt, I've lied, I've cursed
Nothing till I cry the ones we hurt
The most I hold you closest
And I just don't know why

So can you relight the fire
Relight the fire, relight the fire
Can you relight the fire
Relight the fire, relight the fire

Ooh, ooh,

I dream, I run, I wait
I'm crossing out the days to begin again
I've fallen with a lover
And crashed the other side

I'm big, I'm weak, I'm tall
I'm learning what it means to fight for a cause
I don't know who I can be
But I know who I was

So can you relight the fire
Relight the fire, relight the fire
Can you relight the fire
Relight the fire, relight the fire
So can you relight the fire
Relight the fire, relight the fire

Ooh, ooh,
Ooh, ooh,

So can you relight the fire
Relight the fire, relight the fire
Can you relight the fire
Relight the fire, relight the fire

So can you relight the fire
Relight the fire, relight the fire
So can you relight the fire
Relight the fire, relight the fire
