Grind baby, grind baby but not the leveling kind, I mean like playing WoW online and then a rouge gets you from behind so heres your chance drop my pants like were raiding Gruul, but like the mushroom from mario brothers you are just going to get one up in your thunder bluff like a shaman in the buff you love my totem where you PVP. I go for teens im just like blizzard and the ESRB stayin up all night it seems careening to caffine you wanna raid late ill mountain dew ya cause my metal gears like solid snake hard to see but im breaking into ya!
Hard like heroic, more than you can handle lets do it like a druid in the general channel.
