I get lost in your smile, every time its thereÂ...
And when IÂ'm close to your lips, my fingers in your
hairÂ...
Everything is perfect, baby when youÂ're nearÂ...
I spend awhile, we both smile, again and againÂ...

And it goes on and on and on, for a couple hoursÂ...
And we get it on and on and on, for a couple moreÂ...

YouÂ're all I think about, even when IÂ'm down and
outÂ...
The waves are getting higher by the dayÂ...
But even when my walls fall in, youÂ're there to make
me crack a grin
Your sun is there to take my clouds awayÂ...

I sure donÂ't miss the way, things could have beenÂ...
Say I would have left in may, what would have
happened then?
This is how it worked outÂ... IÂ'd donÂ'tÂ' regret a
thingÂ...
Girl you mean it all to me, IÂ'd change a thingÂ...

And it goes on and on and on, for a couple of hours,
And we get it on and on and on, for a couple moreÂ...
