"Lost Equilibrium"

Cum with me great mare
Dressed in Venus cloak
Spasmic force, Fallos declined
Power my inner flame!
Elixer to be divine!

The sign on its head
Fevered in line
It is outlined by blood
The sleeping snake
Show the time
Time of nothing to come

I'm ready to meet with dear and defeat
Climb my mountains, inside I weep
I'll fight the reckless burning heat
"I torture myself to grow"

The veil of the abyss
Streaked with the lightnings of hate
The diversity of long lost meaning of equal fate

My mind restored with superior witness
To see what have happened
In passed future and present past
I'm floating within a distroted spaces

The serpent coiled about to spring:
"In my coiling there is joy
If I lift up my head
I and my Nuit are one
If I drop down mine head
And shoot forth venom

Then is rapture of the earth
And I and the earth are one"
- Alistair Crowley, The magickal record of the beast 666

Through equilibrium
Souless force I am
In shadows, disrupted feelings
Of mindless pain

The veil of the abyss
Streaked with the lightnings of hate
The diversity of long lost meaning of equal fate

My mind restored with superior witness
To see what have happened
In passed future and present past
I'm floating within a distroted spaces

Swords to penetrate my soul, spirit and my flesh
I breed an inner chaos, ticking through time and mind
Sore mare balance my spastic force
Lead us into slumber, where the serpent lies

I'm ready to meet with fear and defeat
Climb my mountains, inside I weep
I'll fight the reckless burning heat
"I torture myself to grow"
