A shimmer before my eyes  
A revelation of immense size  
Floating around me, inside me  
Pulsating my sense

Whispering desirable in powerful voice  
"I desire and long for unity"

Fertile meaning with presence  
Not to wither

A shimmer before my eyes  
A revelation of immense size  
Floating around me, inside me  
Pulsating my sense  
Whispering desirable in powerful voice  
"I desire and long for unity"

Fertile meaning with presence  
Not to wither

Voluptous womb of force enthroned  
In lonely majesty rising up  
Voluptous womb of force enthroned  
Sacred forces that flows

Fertile meaning with presence  
Not to wither
