

New York Room "Guardian Angel"

Visit "[Guardian Angel](#)" on MotoLyrics.com

Guardian angel with your strong blue wings
Taken from the feathers of a baby dove
Guardian angel with your soft white robe
Made out of pieces of the clouds above
My child, she needs you now
Please give her comfort, strength, hope and love

Hover over her, walk beside her
Watch her close, hold her close
Keep her warm, don't let go

Guardian angel with your bright halo
Molded from the warm, round fires of the sun
My child needs your guidance
Protect her from those who would do her harm

Hover over her, walk beside her
Hear my prayer, don't say no
Hold her close, don't let go
