Anguish is near
so close with me here
and Iâ€™ve nowhere to run
and nowhere to hide
so just let me lie
here by your side

But before I sleep
before I escape
please heed my demand
and just hold my hand

Just for awhile
I hope you donâ€™t mind
but I've nowhere to go
and I canâ€™t decide
so paint me a smile
as I close my eyes

But before I sleep
take leave of my grief
so just one last time
Iâ€™ll take what is mine

With my so-called scars
and their so-cold hearts
with eyes staring blankly
and feeling far away
just long enough
to keep the wolves at bay
